

# COVID-19 Safety Plan

## Common Areas and Public Realm

### Effective at Step 3 of BC Restart Plan

**Note:** At the start of Step 4 of the BC Restart Plan, UBC will transition to a communicable disease plan.

#### Scope

UBC is committed to providing a healthy and safe environment. This safety plan details the COVID-19 measures and controls required for all UBC Vancouver common areas and areas in the public realm. This plan is in alignment with Step 3 of [BC's Restart Plan](#) and the criteria outlined by Public Health. Beyond COVID-19, this plan includes strategies to prevent the spread of communicable diseases on campus.

#### Rationale

The University of British Columbia envisions a climate in which students, faculty and staff are provided with the best possible conditions for learning, researching and working. Above and beyond immunizations, infectious contacts throughout the post-secondary environment can be reduced using the prevention and control measures outlined in this plan.

#### Engagement and Review

COVID-19 Safety Plans have been developed in collaboration with Public Health, the Ministry of Advanced Education and WorkSafeBC.

This plan has been reviewed by UBC Vancouver's Joint Occupational Health and Safety Committees. Feedback and suggestions have been incorporated into the plan.

#### Regulatory Context

[BC Restart Plan](#)

[Provincial Health Office Orders](#)

[Post-Secondary Go-Forward Guidelines](#)

[WorkSafeBC](#)

#### Responsibility

We can all contribute personally to the pandemic response and safety of our communities by getting vaccinated (as we are able), following campus safety plans, performing a daily health check, staying home when sick, following handwashing and hygiene etiquette and following public health orders and guidelines both on and off campus.

It is up to each one of us to do our part, but it is our collective efforts that will make the difference.

## UBC COVID-19 Rules

COVID-19 Campus Safety rules apply to all persons on campus. These rules confirm expectations of all members of the campus community, including:

- [Completing Daily Health Assessments](#) - required of everyone prior to attending campus
- [COVID-19 training](#) - [UBC Go Forward COVID-19 Safety Planning Training](#) required of employees
- [Wearing non-medical masks](#) - non-medical masks are required when inside buildings in areas where services to the public are provided or areas that the public or students are permitted to access including, for example, lobbies, hallways, stairwells, elevators, classrooms and teaching laboratories unless:
  - i. you are the sole occupant of an enclosed room; or
  - ii. one of the exceptions outlined in Attachment “A” of the [COVID-19 Campus Rules](#) apply;
- [Following direction of Public Health](#) - as it relates to PHO Orders, contact tracing and isolation requirements

For further information and complete list of rules, visit [COVID-19 Campus Rules](#). Frequently asked questions about COVID-19 protocols at UBC can be found [here](#).

## Infection Control in Common Areas and Public Realm

Although the expected occupancy of common areas and public realm is consistent with pre-COVID-19 levels, there are several controls that are being applied within these spaces in order to reduce the risk of COVID-19 transmission.

### Cleaning and Hygiene

UBC Building Operations will continue to clean public spaces and sanitize high touch areas daily. For further information, visit [UBC Building Operations](#).

### Respiratory Etiquette and Hand Hygiene

Occupants are expected to practice respiratory etiquette by coughing/sneezing into their mask, a tissue or into the sleeve of their shirt. Occupants are also expected to regularly wash their hands with soap and warm water for at least 20 seconds or make use of hand sanitizer stations. Hand sanitizer stations managed by Building Operations are available in the main building entrance/foyer. Everyone is encouraged to carry their own hand sanitizer.

### Signage

All occupants are required to follow signage in all spaces.

### Managing Contacts and Limiting Close Interactions

Throughout campus, students, faculty and staff are encouraged to limit the number of close sustained contacts with others, which includes avoiding situations where individuals congregate in shared areas. Occupants are expected to not linger, wait or loiter in hallways, corridors, foyers and other spaces that

are intended for travel.

### Additional Resources and Support

To support and enhance the health and wellbeing of all students, UBC offers a variety of health resources available to the campus community. Visit the [Students Services website](#) for further information.

To support and enhance the health and wellbeing of all faculty and staff, UBC offers a variety of health resources available to the campus community. Visit UBC [Human Resources](#) for further information.

### Communication Strategy

This Safety Plan will be posted on Safety & Risk Services' [website](#) and the [UBC Safe Vancouver App](#). Links to the plan should be included in communication to the campus community.

### Monitoring and Continual improvement

Building administrators, Joint Occupational Health and Safety Committees and Local Safety Teams are encouraged to monitor common areas and areas in the public realm and report unresolved concerns to [ready.ubc@ubc.ca](mailto:ready.ubc@ubc.ca).

Every effort is to be taken by all students, faculty and staff to promote an understanding of PHO Orders, COVID-19 Campus Rules and COVID-19 Safety Plans within the campus community. A respectful and educational approach is expected for all related interactions. Where members of the campus community are not comfortable addressing non-compliant behavior or feel that related interactions cannot be performed in a respectful manner, matters should be referred to their supervisor. Campus Security can assist as necessary. For further information and strategies, review the [Respectful Engagement guidance document](#).

### Safety Concerns

Students and visitors with concerns or questions may contact [ready.ubc@ubc.ca](mailto:ready.ubc@ubc.ca).
